THE FRIENDLIEST RIOJA

Among old red grenache vineyards, to the southwest of Arnedo (La Rioja Oriental), the Monteviso path runs, a narrow road once used by mountain dwellers, the range natives who cultivated the vines on dizzying terraces and banks which are now covered in pine forests. We created this excellent fresh and fruity wine remembering them; our humble homage to their memory and legacy.

Purple-coloured with violet reflections. Intense aromas of red fruits (**strawberry** and **cherry**) and flowers (**violet**) over a fragrant herbal (**thyme**) and anise (**liquorice**) background. Balsamic (mint) and spiced (black pepper) recollections. On the palate, it's smooth and sweet, with a long, fruity finish.
